2007 Scholarship Program

State sponsored education in Nicaragua ends at 6th grade, offering little opportunity to children who wish to break free from the cycle of poverty. Our **Secondary School Scholarship Program** pairs deserving students with sponsors in the United States. A monthly gift of \$25 covers tuition, supplies, and transportation and establishes a relationship that encourages the students to apply themselves and beat the odds. In 2006, 95% of the young people met the rigid requirements of the program. This year, 68 students are already sponsored, but **36 students still need assistance**. Please consider investing in the future of Nicaragua by becoming a sponsor. Call us at (770) 614-9250 or e-mail Kristin@amigosforchrist.org.
