Independent Auditor's Report

To the Board of Directors and
Management of Amigos for Christ
Buford, Georgia

We have audited the accompanying statement of financial position of Amigos for Christ (a nonprofit organization) as of December 31, 2010, and the related statements of activities, and changes in net assets, and cash flows for the year then ended. These financial statements are the responsibility of the Organization's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the financial position of Amigos for Christ as of December 31, 2010 and the changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of functional expenses is presented only for supplementary analysis purposes. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

AMIGOS FOR CHRIST NOTES TO THE FINANCIAL STATEMENTS

NOTE A - NATURE OF ORGANIZATION

Amigos for Christ (the Organization) is a not-for-profit organization based in Buford, Georgia incorporated as a 501(c)3 in July, 1999. The Organization serves the destitute poor in the Central American country of Nicaragua. The Organization provides aid through a model that supports water and sanitation; health care, education and nutrition, small business opportunities, and community development.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Organization have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities.

Cash and Cash Equivalents

The Organization considers as cash and cash equivalents highly liquid investments with a maturity of three months or less when purchased and certificates of deposit with maturities of one year or less.

Inventory

Inventories are stated at the lower of cost (first-in, first-out method) or market. Inventory consists of medicine, surgical supplies, house wares and clothing.

Property and Equipment

Purchased property and equipment are capitalized at cost. Donated assets are capitalized at the fair market value of the asset on the date of contribution. Additions and replacements are charged to the property accounts while repairs and maintenance are charged to expense as incurred. Depreciation is provided by the straight-line method over the estimated useful life of the assets.

Contributions

The Organization reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of donated assets. When a donor

restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the Statement of Activities as net assets released from restrictions.

Donated Services and Equipment

Donated equipment is valued at fair market value at date of gift and is capitalized and depreciated over its estimated useful life or expensed as program supporting services in accordance with the Organization's capitalization policy.

Temporarily Restricted Net Assets

Temporarily restricted assets are recorded as released from restrictions when the specific project is completed or when the time restriction has lapsed.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of support and expenses during the year. Actual results could differ from those estimates.

Income Taxes

The Organization is exempt from federal income taxes under the provisions of Section 501(c)(3) of the Internal Revenue Code. Therefore, the Organization has made no provision for federal income taxes in the accompanying financial statements.

Subsequent Events

Subsequent events were reviewed through the date of the report.

NOTES TO THE FINANCIAL STATEMENTS**

NOTE C – INVESTMENTS

The Organization utilizes USAA and Edward Jones as custodian of its investments and consisted of the following as of December 31, 2010:

	<u>2010</u>	
	<u>Cost</u>	<u>Fair Value</u>
Stocks	\$21,593	\$13,635

The Organization establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Fair value was determined as quoted market prices for identical instruments in active markets (Level 1) for mutual funds and government and corporate bonds.

Unrealized losses of \$5,679 for 2010 are included in the changes in net assets and are reported in the statement of activities as an unrealized gain/loss on investments.

Investment income is reported as unrestricted support.

NOTE D - DONATED SERVICES, FACILITIES AND GIFTS-IN-KIND
